BOLT AND CABLE CUTTERS

ANGULAR STYLE BOLT CUTTER

The cutting edges of these cutters are offset 30° from metal handles to keep work in sight while cutting. This offset also facilitates flush cutting and keeps user's hands clear of work surface.

HEAVY DUTY, With Keeper

Swing-away keeper holds EHS guy wire and pre-stressed cable in correct cutting position and prevents cable from spreading or deforming. Assures clean, complete cutting of all strands. Also cuts hard bolts, rods, bars, etc.

**BOLT CUTTER BAG**

Cat. No. 5516

Two pocket, yellow vinyl. Order aerial bucket hooks separately (pg. 193)
**CUTTERS FOR SOFT METAL (COPPER & ALUMINUM)**

**POWER & COMMUNICATIONS CABLE CUTTERS**

Rugged cable cutter with fiberglass handles. Two handed shear type cutterhead for clean cuts.

---

**COMMUNICATIONS CABLE CUTTER**

Designed for cutting lead and rubber covered communications cable. Shearing action of jaws gives clean, sharp cut with minimum distortion. Extremely rugged cutters but should not be used for hard cable or ACSR. Metal handles.

---

**CONDUCTOR CUTTERS**

Hardened shear-type cutting jaws mounted on fiberglass handles cut without deforming cable.

---

**CABLE CUTTER**

Cat. No. 63050

This handy economical tool handles most cable cutting jobs with ease. Special high leverage design gives it amazing cutting capability for its size. Shear type jaws cut up to 4/0 aluminum, 2/0 soft copper, and 100 pair 24 gauge communication cable. At only 9-1/2" long it fits into a tool pouch.
ONE HAND RATCHET CUTTERS

These "tool pouch" sized cable cutters will cut copper, aluminum, and communications cable using only one hand. Molded grips provide a comfortable, non-slip grip. Built to last!

NOT FOR USE ON STEEL OR ACSR

COMPACT RATCHET CUTTER

These patented conductor cutters are half the size and weight of standard ratchet cutters. The design of these compact cutters is based on a simple ratchet mechanism and sure ratcheting action makes working with them easy. At less than 20" long, they will fit into tool bags or boxes.

ACSR CABLE TRIMMER

This ACSR cable trimmer reduces cable preparation time by as much as 70%. Operation, similar to conventional tubing cutter, is fast and easy. Trims aluminum conductor strands clean and square without nicking steel reinforcement strands below. Made of light weight, rugged, aluminum alloy. Accepts all standard bushing sizes shown to the right.

Includes: #87 Trimmer, Bushing Holder, and Case.

OTHER BUSHING SIZES are available and may require #87-S special trimmer and special bushing holder. Special bushing holders are made to exact spec of one cable size only. Advise cable O.D., core O.D., stranded, and cir. mils when ordering specials.
