

POWER THREADING MACHINES

Cat. No. 300 COMPLETE

Complete 1/8"- 2" power threading set includes power drive and all components pictured below. The 300 Drive Head can also be used to drive both 141 (2-1/2"- 4") and 161 (4"- 6") Geared Threaders with appropriate drive bar and supports.

Cat. No.	Description	Weight
300	Power Drive w/ Foot Switch	94 lbs
1206	Stand	31 lbs
311	Carriage w/ 312 Feed Lever	15 lbs
811A	Universal Die Head	12.5 lbs
47765	1/2"-3/4" NPT H.S. Universal Dies	
47770	1"-2" NPT H.S. Universal Dies	
360	Pipe Cutter	8.5 lbs
341	Pipe Reamer	7 lbs
418	Oiler w/ 1gal Clear Thread Cutting Oil	20.5 lbs
819	1/2"- 2" Nipple Chuck	10 lbs
1452	Clamp On Tool Tray	6 lbs
32	Power Drive Transporter (2 wheel dolly)	14 lbs
758	Loop f/ 141 & 161 Geared Threaders	1.25 lbs
346	Support Arms f/ 141 & 161 Threaders	10.5 lbs
844	Drive Bar f/ 141 & 161 Geared Thrdrs	5.75 lbs

POWER DRIVE

This hand held power drive will accommodate the 1/8"- 2", 12R heads above and will thread up to 6" pipe using a 141 or 161 geared threader.

Cat. No.	Description
700	Power Drive
B171X	Case Only

TUBING CUTTERS

Cat. No. 151

The "quick acting" tubing cutter has a range of 1/4"- 1-5/8" and has a fold away reamer. *Adaptable to cut plastic and metallic tubing.*

Cat. No. E3469 Replacement Cutter Wheels

PIPE CUTTERS

Cat. No. 2A

This heavy duty pipe cutter handles up to 2" pipe. *Wgt: 7 lbs.*

Cat. No. F514 Replacement Cutter Wheels

BALL BEARING "C" PUNCH

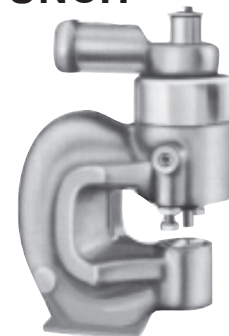

Cat. No. 20

This manual screw type punch develops 20 tons of power which will easily punch a 1/2" hole thru

1/2" mild steel. Not recommended for 12 gauge or lighter material. Punch weighs 25 lbs.

A ratchet handle is available for close quarter punching (Cat. No. 119).

Furnished with 1/2" punch, die and CN11 coupler nut (order other size punches and dies separately).

Size	Punch	Die	Coupler Nut
3/16"	P03	D03	CN11
1/4"	P04	D04	CN11
5/16"	P05	D05	CN11
3/8"	P06	D06	CN11
7/16"	P07	D07	CN11
1/2"	P08	D07	CN11
9/16"	P09	D09	CN11
5/8"	P10	D10	CN11
11/16"	P11	D11	CN11
3/4"	P12	D12	CN12
13/16"	P13	D13	CN13

PVC PIPE HEATING BLANKET

Cat. No.	Description
860-1.5	PVC Heating Blanket for PVC up to 1.5". 200 Watts
860-3	PVC Heating Blanket for PVC 2"-3". 800 Watts
860-4	PVC Heating Blanket for PVC up to 3.5"-4". 1300 Watts

PVC PLUGS

Use with PVC Heating Blankets or Electric Heaters to plug the ends of the PVC being heated. The trapped air will help keep the PVC from collapsing while forming the bend. **Remember to order two, one for each end of the pipe.**

Cat. No.	Description
859-4	PVC Plug Set for 2"- 4" Includes 2 each of 2", 2-1/2", 3" and 4" plugs and carrying case. Case has place for optional 5" and 6" sizes.
30976	2" PVC Plug
30977	2-1/2" PVC Plug
30978	3" & 3-1/2" PVC Plug
30979	4" PVC Plug
30980	5" PVC Plug
30981	6" PVC Plug

KNOCKOUT PUNCH

Cat. No. 7306

1/2" - 2" Hydraulic Conduit Knockout Punch Set

Cat. No. 7310

1/2" - 4" Hydraulic Conduit Knockout Punch Set

PVC PIPE HEATER/BENDERS

These electric heater models are easy to use:

- 1 - PREHEAT FOR 10 MINUTES
- 2 - INSERT PVC
- 3 - ROTATE BY HAND UNTIL PLIABLE
- 4 - REMOVE AND FORM BEND

Cat. No.	Description	PVC Schedule
849	Heater can heat 24" sections of pipe. 110VAC - 20 Amp or 3000 Watt Generator. 15 lbs	1/2" - 2"
851	Heater can heat 50" sections of pipe. 110VAC-20 Amp or 3600 Watt Generator. 53 lbs.	1/2" - 4"
847	Heater can heat 65" sections of pipe. 230VAC - 30 Amp or 7000 Watt Generator. 78 lbs	1/2"-6"
848	Same as 847, but with motorized PVC Rotation. 80 lbs	1/2"-6"

ELECTRIC CONDUIT BENDER 1/2" - 2"

Cat. No. 555C

Classic Electric Bender power unit only without bending shoes.

Wgt: 260 lbs

Cat. No. 555RC

Classic Electric Bender with 2 shoe groups for 1/2"- 2" Rigid and 1/2"- 1-1/4" IMC conduit and pipe.

Cat. No. 555EC

Classic Electric Bender with 3 shoe groups for 1/2"-2" EMT conduit
